Ref. Noida – Greater Noida metro link

As per the news in the print and electronic media, Noida Metro Rail Corporation (NMRC) shall be starting the Noida – Greater Noida metro link operation by next month.

The Noida – Greater Noida Metro will take around 48 minutes covering a distance of around 30 kms having 21 stations.

NMRC is seeking inputs from the public to figure out the demand for the Express Train. The express train shall skip multiple stations and allow the passengers to travel quickly.

NMRC is conducting an on-line survey to access the requirement, the survey is open till **12.11.2018** on the NMRC website (www.nmrc.com).

As the allottees of Kendriya Vihar, Greater Noida are expecting the possession by 2019, it is requested to share this information on the CGEWHO website for the benefit of the allottees to enable them to participate in the demand survey.

Thanking you.

Yours faithfully

(Rajesh Singh)
